Postal Department to merge Speed and Registered Posts

The Postal Department has proposed merging Speed Post and Registered Post services, starting September 1, to streamline operations and improve efficiency. Customers have called for the inclusion of key Registered Post features and a revision in tariffs.

The decision was to consolidate multiplicity of the postal services and mail processing, standardise delivery services, and reduce operational costs. The Tamil Nadu postal circle has handled nearly 11.84 crore Speed and Registered Posts in the last fiscal. As the first step towards the merger and restructuring of mail operations, the circle has started establishing integrated mail processing centres. Wires that troubles

A bunch of many cables, tangled heavily is seen at Raja Street, T Nagar. Though it seems to be on the platform, it is quite dangerous for the vehicles especially for two wheelers, if it gets caught in any of the tyres.

If the stray dogs pull the cable and left on the middle road, the consequences couldn't be explained. This also increases the stealing thirst of the miscreants. It tempts cutting, stealing and selling the metal part for their daily expenses. In order to avoid any of the above mishappenings, authorities should take immediate action to clear the tangled cable. Will they do?
