Voice of GOD

Akraparameswarar Temple, Mela Kottur

This is the 228th Thevaram Paadal Petra Shiva sthalam and the 111th Sthalam on the south side of the river Kaveri in Chozha Nadu. This place was called Kottur during Thevaram times, and the same was divided into Mela Kottur and Keezh Kottur during the Kauruvurthevar period, and he sang of Keezh Kottur temple (Maniambalam). But Melakottur is the Paadal Petra sthalam.

In Periyapuranam, Sekkizhar records that Thirugnanasambandar came to this temple after worshiping Lord Shiva of Thirukollikadu. Thirugnanasambandar, Karuvur Thevar, and Vallalar have sung hymns in praise of Lord Shiva of this temple.

Moolavar : Sri Kozhundeeswarar, Sri Sameevaneswarar, Consort : Sri Mathupaashini, Sri Thenar Mozhiyal, Sri Thenambal.

Some of the salient features of this temple are…..

The temple faces west with an entrance arch. The inner gopuram is of 3 tiers with a mandapam in front of the sanctum sanctorum. In between the two, Dwajasthambam, balipeedam, and Rishabam. Nandhavanam is on the left. A mandapam was built around the sanctum. In Koshtam, Narthana Ganapathy, Dakshinamurthy, Lingothbavar, Brahma, and Durgai. In the praharam, Chandran, Maha Vishnu with his Consorts, Nalvar, Subramaniar, Akora Veerabhadra, Arambai in penance (Standing on one leg), Uma Maheswarar, Arthanareeswarar, Meenakshi Sundareswarar, Vallabha Ganapati, Gajalakshmi, Suriyan, and Chandikeswarar.

Pradosha Moorthy is also the Moola Murthy and is special in this temple. In the Sabha, Natarajar, Sivakami, and Manickavasagar (These images are found in a village, Mayilaerupuram, during plowing). Another set of Natarajar, Sivakami, and Manickavasagar is kept outside the Sabha.

HISTORY AND INSCRIPTIONS

Since Thirugnanasambandar has sung hymns in praise of Lord Shiva of this temple, the original temple might have existed before the 7th Century, and the same was reconstructed as a stone temple during the Chozha period and later extended by Vijayanagara and maintained by Nattukottai Nagarathars.

In Sabha Natarajar, Sivakami, Manickavasagar (These images are found in a village, "Mayilerupuram," during plowing).

The Inscriptions recorded from this temple belong to Chozha Kings Rajarajan-I, Kulothunga Chozha-I, Rajathirajan-II, Kulothunga Chozha-III, Rajaraja Chozha-III, the Thanjavur Maratha kings, and Thanjavur Nayaks Raghunatha Nayaks.

As per the inscriptions, Lord Shiva was called Kozhundthandar, Moolasthanam Udayar, Kozhundeeswarara Swamy, and the Place was called Arumozhitheva Valanattu Nenmalinattu Kottur (Rajaraja Chozha), Rajendra Chozha Valanattu Nenmalinattu Kottur (Kulothunga Chozha-I).

Kulothunga Chozha-II's 2nd reign year inscription records the endowment of burning a perpetual lamp for which Kulothunga Chozhavalanattu Kundrathur Sekkizhan Pallavaraiyan gifted money to this temple. Kulothunga Chozha-I's 47th reign Year inscription records the tank bund built by Mummudi Chozha Singalanthaka Mutharayan. Repair work was carried out by Periyan Kulothunga Chozha Kanakarajan, the headman of Kottiyur.

Koparakesari's 10th reign year fragment inscription records the gift of tax-free land to this temple, situated at Palan Kumaramangalam.

Your Stars This Year

Aries : Seniors, bosses, or influential people may appreciate your work, while your spouse offers useful support at home. Children can test your patience, so don't turn every small issue into a lecture. Helpful contacts, and stronger business movement, though one important decision may leave you unsure.

Taurus: Students concentrate well, children may bring pride and your own efforts begin giving visible results. Love also feels warm early on, though Tuesday can bring a small disagreement with your spouse if money, time, or priorities become sensitive topics. Don't let one awkward conversation stretch into two quiet days.

Gemini: A delayed payment or old due may finally move, yet another result may not match your expectations. Don't answer frustration with sharp words. Need extra patience at work. Delays, stubborn people, or a missed call can make the whole day feel worse than it is.

Cancer: A proposal, useful introduction, or relationship discussion may come through people you already know. Your partner can be supportive in both emotional and practical matters. Useful for partnerships, business proposals while students can make progress if they keep their books open longer than their chats.

Leo: Stronger confidence, and encouraging movement through children, studies, or younger people around you. Your words carry weight at work and in social settings, so use that attention wisely. With a meal, outing, or simple time together doing more than grand promises. Midweek asks for secrecy and sense.

Virgo: Students can concentrate well, children may bring happy news, and your sincerity at work gets noticed without much self-promotion. Active for business, travel, sports, studies. Find the atmosphere warmer, and one relationship may become clearer through a simple, honest conversation. Money can come through business, commissions, or a carefully judged.

Libra: Support from your spouse, mother, or maternal family can settle old tension, and you may start thinking seriously about repairs, property, or useful household purchases. Brings gatherings, outings and spending on comfort. A fridge, appliance, or home improvement can be worthwhile, but don't turn practical.

Scorpio: Support from younger siblings, colleagues, or people who genuinely want to help. Marriage feels fairly peaceful, and children can bring encouraging news. One bold decision can push you forward, but it may also add responsibility. Don't complain about the weight after choosing to lift it. Brings new contacts, an old friend.

Sagittarius: Family members, neighbours, or colleagues may listen more easily than usual, and unexpected guests can bring welcome life into the house. A short journey, unusual task, or sudden decision may tempt you, while work pressure at the same time. Don't turn one disagreement with your spouse.

Capricorn: Businesspeople may see useful orders or better client response. Unmarried natives could also hear marriage talk through relatives or neighbours. Tuesday brings recognition and wider opportunities, but praise can make you move faster than your judgment.

Aquarius : Disappointing journey, or small family remark may bother you more than it normally would. Marriage also needs softer handling, especially if spending or priorities become the topic. Students can lose time through distraction, while business travel or meetings may produce more talk than results.

Pisces: Support from an elder sibling may help, while married life feels warm and steady. Students can benefit from a classmate, and unexpected guests may bring pleasant activity into the home. A postponed long journey may save more effort than you first realize. Thursday and Friday need patience. Expenses can rise, someone younger may irritate you.

PREDICTION FOR THIS WEEK
11.10.2026 TO 17.10.2026

Perfection v/s defect - what is your top choice?

Everyone does the aim to become perfect. To be perfect means not to have any defects. When there is the slightest trace of any effect of weakness in your thoughts or in your connections and relationships, there is a defect. When the body is affected by anything, there is an illness, that is, there is an effect. In order that no defect remains, you have to protect yourself from being affected by anything. There is always one or another type of effect and this is why you cannot become perfect.

Those who are prepared for in advance, are said to be sensible; if they lack understanding, then they are affected by it. So, like a lotus flower, you have to constantly remain beyond being affected, and remain loved by God the Father. Each of you can know, according to your effort and according to your stage, what your soul is affected by from time to time. When someone is affected, this brings a defect in the intellect of the person, and then, the intellect does not work at that time. In the same way, because of being affected by different people or anything, you become senseless, and therefore, defects still remain in becoming perfect. Just as it is essential to look after your body, in the same way, you should continue to have total understanding of the soul as you move along. Only then will you quickly be able to remain beyond being affected and become perfect. Whilst knowing something, you are sometimes influenced by the company and so you make mistakes. You also understand this, but at that time, because of the atmosphere or the problems or the nature or because of lacking the power to be part of a gathering, you are affected by them again and again. Constantly check yourself to see what main things affect you. You must constantly protect yourself from being affected by them, only then will you easily become perfect. This is the main effort.

Each of you knows the main reason why you are affected. Although you do know this, people or the situations affect you a little. So, you have to protect yourself from being affected. You know the methods by which you are not influenced by the company of others or the food you eat, and so you can make yourself free from effect. From being sensible, you become ignorant. If you constantly have sense, then those who are sensible are never affected by anyone. If someone has protected himself from being affected, it is said: this one is very sensible. Enemies who oppose you first try to make you weak, and then they attack you. They make your sense (understanding) weak. Only then do they become victorious. They look for many ways of first making you weak. You are then not able to understand whether something is right or wrong. Then, you are affected. The effect then takes on the form of a defect. Defects do not allow you to become perfect. Thus, you have to try to remove any type of effect, so that you become effect-proof. For this, you also receive methods from time to time as to how can you keep your mind from being affected; how can you keep your words from being affected, and how do you remain far from being affected in your actions: there is a tactic for every aspect. The author is solely responsible for this article. The publisher or editor are not responsible.

Residents struggling to get power?

Mr Kumar (right) CPI-M, T Nagar

It is surprising for more than 20 years, residents of Muthureddy Thottam and Thanakottiyammal Thottam in T Nagar have been begging for electricity connections from government. Talking to our reporter Mr Kumar says that even though many governments changed our life has not changed. Every time elections come we go with new hope nothing changed yet. We have recently agitated on Bazullah Road outside the substation for new connection simply they say its being poromboke land we can't give connections.

"We're asking for electricity for decades, they had provided water and sewer connections but they drew the line on electricity," said Muthu a resident from Muthureddy Thottam. "We're tired of repeated protests."

Residents have been caught in a dispute over the status of the land. When they approached the Revenue Department for an NOC, officials said that the land did not fall under their control and therefore, the NOC could not be issued. When the land was treated as private land, residents were asked to produce patta, they say.

Under Regulation 27 (12) of the Tamil Nadu Electricity Distribution Code, electricity can be provided to houses on poram boke land with an NOC from the concerned government authority. Residents have to give an undertaking that the connection does not give them ownership and that they will vacate if the government requires it.

The land, which exceeded the ceiling limit, was acquired by the government under the Land Ceiling Act of 1956. It was not subsequently taken up for development and remained as it was. The Slum Clearance Board declared the area as recognised slum-clearance land in 1972, while a relaxation introduced in 1984 allowed former inhabitants to make claims over the land.

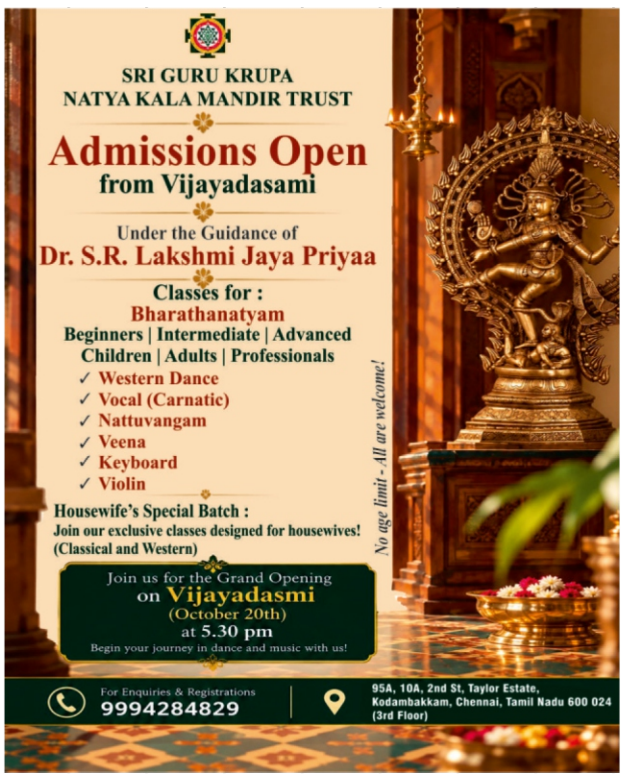

Water and sewer connections were also not provided initially, but these were subsequently secured following court proceedings. The electricity issue, however, persisted. A case was filed in 2003 and an order was obtained in 2004, following which electricity was provided to 40 families in February 2005.

Meanwhile, the State government is now planning to make it easier for some such houses to get electricity by allowing domestic connections on certain categories of poramboke land without an NOC.

LETTERS TO THE EDITOR

Readers can send your grievancies social problems, civic issues to kodambakkamtimes@yahoo.com

We are asked to plant trees. Why are existing trees being cut?

In a time when the Government and community are encouraging us all to plant and protect more trees to help combat rising temperatures and climate instability, it is heartbreaking to learn about the cutting of a tree in Ward 134, Mahadevan Street, West Mambalam.

When we reached out to the concerned Corporation officials, they explained that the tree was withering and had been cut after a complaint. However, this situation raises important questions: If the tree was truly dead, how could it still have green leaves?

Was the tree carefully inspected before it was cut? Was there an official assessment and proper permission? If the tree was indeed dangerous or diseased, the Corporation should share the findings and reasons openly, so trust can be maintained.

A mature tree offers so much more than just wood; it provides much-needed shade, cools the surroundings, improves air quality, and supports local wildlife. Growing a tree takes years of care and patience, yet sadly, it can be cut down in minutes.

This incident also makes us worry that sometimes, trees may be removed not for the common good, but for private convenience or hidden interests. Transparency from authorities is essential to rebuild trust and ensure accountability.

I kindly urge the Corporation to thoroughly investigate this incident, clarify why the tree was cut, and take appropriate action if any rules were overlooked.

Let us stand united in caring for our environment—urging planting and preservation hand in hand, so we don't lose the vital trees that give our community life and comfort.

Laddu in jute bag in Tirupati

Devotees make it a must to buy laddu after completing their darshan.

In that regard, it is said that devotees carry prasadam laddus in plastic bags and throw them on the mountain, which causes environmental pollution.

Therefore, Tirupati Devasthanams is selling jute bags in collaboration with the central government. And these jute bags are sold at prices of Rs 10, 20, 50, 80, 100, depending on the size of the laddu.

The laddus are sold at the Jute Corporation of India sales centre located behind the temple. Biodegradable bags are also sold along with these.

This news is causing a great stir among devotees and is seen as a way to bring about a positive change.

National Level Badminton Champion

Master. Siddharth, a student of Class IX-A of Velammal Vidyalaya, Karambakkam, has brought laurels to the school by securing a Bronze Medal at the CBSE National Level Badminton Championship 2026–2027.

Competing in the Under-17 Boys Singles category, he showcased exceptional skill and determination at the national-level event held at Radha Govind Public School, Meerut, Uttar Pradesh.

New designs add colour to Chennai's Navaratri kolu doll shopping

With Navaratri just days away, kolu doll sales have picked up across Chennai, with traditional shopping hubs such as K K Nagar, Mambalam, T Nagar & Vadapalani drawing families looking to add new pieces to their collections.

In Arya Gowda Road have once again turned into a colourful marketplace for kolu dolls.

Shops and temporary stalls are displaying hundreds of dolls in different sizes, designs and price ranges. Small dolls are available from around Rs.100, making them accessible to families looking for affordable additions to their existing collections.

Traditional devotional sets continue to have a strong presence this season. Ashta Lingam, Sivan-Parvathi, Kanchi Divya Desam, Nava Tirupati, Nachiyar Thirukkolam and figures of spiritual leaders are among the collections available to shoppers. Prices range from around Rs.50 for smaller dolls to several thousands for elaborate sets, catering to households with different budgets and display requirements.

The demand for new themes is also shaping the market. Apart from religious and mythological characters, Chennai shoppers are increasingly looking for dolls and sets that help create a story-based kolu.

Call Centres to check pending E-Challans

The Greater Chennai Traffic Police has set up E-Challan call centres across the city to help motorists verify pending traffic fines and obtain information regarding their E-Challans. The call centres are set up at various police booths, traffic police stations and other designated locations across the East, West, North and South zones, including the Traffic Police Headquarters. The locations are: East: ICF Annexure Police Booth – K2 Ayanavaram; Music Academy Police Booth – E2 Royapettah; Greenways Junction Police Booth – E4 Abiramapuram; Tower Clock Junction Police Booth – D2 Anna Salai. West: Anna Nagar Roundtana Call Centre; Anna Arch Traffic Police Booth; Maduravoyal Traffic Police Station campus; Madhavaram Traffic Police Station Call Centres to check pending E-Challans at Madhavaram Roundtana. North: Flower Bazaar Call Centre at C2 Elephant Gate Police Station; Washermanpet Call Centre at H5 New Washermanpet Police Station; Pulianthope Call Centre at K1 Sembium Police Station. South: R1 Mambalam Police Station campus; J2 Adyar Police Station campus; Traffic Mount Sub-Division campus under Kathipara Flyover.

Headquarters: ITMS Headquarters, Office of the Commissioner of Police, Greater Chennai Police, 7th Floor, Vepery. The Traffic Police have requested the public to make use of the facility to check pending E-Challans and take necessary action. The special call centre service has been extended till October 15, 2026, and will function from 9 a.m. to 7 p.m.

El Niño and Your Health: What Chennai Needs to Know

As Chennai experiences fluctuating temperatures, humidity and changing rainfall patterns, the impact of weather on health deserves greater attention. El Niño, a periodic warming of the Pacific Ocean, can influence temperature and rainfall across India and indirectly affect patterns of illness.

In urban neighbourhoods such as Kodambakkam, hot and humid conditions can increase the risk of dehydration, heat exhaustion and heat-related illness, particularly among older adults, outdoor workers and people with heart or kidney disease.

Intermittent rainfall followed by warm weather can create favourable conditions for mosquito breeding, making prevention of dengue especially important. Residents should regularly empty stagnant water from containers, flower pots, terraces and other potential breeding sites.

Weather changes may also coincide with viral respiratory infections, while heavy rainfall and contamination of food or drinking water can increase the risk of gastroenteritis and other water-borne illnesses.

Adequate hydration, safe drinking water, hand hygiene, mosquito-control measures and proper food hygiene remain simple but effective precautions.

Persistent fever, breathing difficulty, repeated vomiting, bleeding, severe weakness or reduced urine output requires prompt medical evaluation.

Weather may be beyond our control, but its impact on health need not be. Awareness, prevention and early treatment can keep our communities safer.

Dr. Ashokraj, M.D. (General Medicine), Consultant General Physician, Sri Srinivasa Multispeciality Hospital, Kodambakkam.

New specialised Art Courses this Vijayadashami

This Vijayadashami, Sri Annai Kamakshi Kalaikudam, in association with Achalam Art Gallery, introduces specialised courses in Tanjore Painting, 3D Embossed Painting, Clay Modelling, Carving and Print Making, with hands-on training from basic to advanced levels. With 200+ painting and art techniques, students can also learn Painting, Drawing, Vocal, Veena, Keyboard, Violin, Bharatanatyam and Art & Craft under experienced artists. Specialised sculpture training includes clay, POP, fibre, paper and mixed-media techniques.

At Achalam Art Gallery, students can learn art under the guidance of Mr. Venkatachalapathy Sir, develop their skills and create their own artworks. Selected completed artworks can be purchased by the gallery, giving students an opportunity to Learn • Create • Earn while gaining practical exposure through exhibitions and showcases. Admissions are now open with limited seats.

For admissions and course details, contact **63808 99470 | 73389 02996 | 93810 24002 | 044 2474 0429**. Visit Achalam Art Gallery, 1063, Munusamy Salai, K K Nagar West.

Foot over bridge work soon near DMDK HQ

Jawaharlal Nehru Salai, more commonly known as 100 Feet Road, is one of the arterial roads in Chennai. In what would come as a great relief for thousands of pedestrians who face serious risks while crossing the busy road in front of the DMDK headquarters at Koyambedu every day, the State Highways Department will start the project to construct a foot overbridge very shortly.

However, though it witnesses heavy traffic movement throughout the day, especially near the CMBT in Koyambedu, there is not even a traffic signal at the spot. This leaves the pedestrians in considerable inconvenience, and even danger, while trying to cross the wide road.

Breast health awareness camp this October

What if a simple look in the mirror could remind a woman to look after herself?

This Breast Cancer Awareness Month, MGM Cancer Institute is taking breast health awareness beyond hospital walls and into neighbourhoods, bringing a simple yet powerful message closer to women in their everyday spaces.

At the heart of the campaign is the message:

"Look after the woman looking at you."

Starting October 1, MGM Cancer Institute will bring its neighbourhood mirror initiative to communities across the city, creating everyday moments that encourage women to pause, look at themselves and make their own health a priority. The woman looking into the mirror is not someone else. She is you, and she deserves the same care and attention that you give to everyone around you. The campaign is built on a simple belief: being brave starts with you. Taking care of your health, being aware of changes in your body and seeking the right medical advice when needed are important steps towards better breast health. By bringing the conversation into neighbourhoods, MGM Cancer Institute hopes to make breast health awareness a part of everyday life. The mirrors will serve as a moment of pause, encouraging women to look beyond their reflection and ask themselves if they are giving their own health the attention it deserves.

Dr. Kirti Katherine Kabeer, Consultant, MGM Cancer Institute, said, "Women are often the ones who make

sure everyone around them is taken care of. With this campaign, we want to remind them to include themselves in that care. The woman they see in the mirror deserves attention too. Looking after yourself can begin with something as simple as taking a moment to look, be aware and take the first step."

The campaign will also encourage women to understand their breast health, know what is normal for them and pay attention to any unusual changes. When something feels different, seeking expert medical advice can help ensure that concerns are evaluated appropriately. Regular screening, based on individual risk and medical guidance, also plays an important role in breast health. Through this initiative, MGM Cancer Institute is bringing the conversation closer to the communities it serves, encouraging women to pause, reflect and take a proactive step towards their health. This October, MGM Cancer Institute is coming to your neighbourhood with a simple message: Look after the woman looking at you. Because sometimes, the first step towards taking care of yourself begins with a reflection.

And being brave starts with you.

Gates of this canal opened at Canal bank road, T Nagar. It is dangerous if someone slip into the canal. It is a busy area people may go around the canal if its opened for long hours says road side vendor. The canal is free from plastics and wastes. If this gate is opened for long people may throw away garbages and litter this place. Its better to lock the gate as soon as possible.

Dengue cases rise: Medical camps to be held at 100 locations daily

A total of 1,293 people were diagnosed with dengue in Chennai in September 2026, according to Chennai Corporation Commissioner G.S. Sameeran. He said that medical camps are being conducted to control the spread of dengue, and arrangements have now been made to conduct camps at 100 locations every day.

In September 2025, 605 dengue cases were recorded in Chennai. This increased to 1,293 cases in September 2026. More than 8,000 people suffered from fever during the month, though they recovered while staying at home.

Dengue cases were found to be higher in Wards 84 to 91, particularly in areas including Nungambakkam and Kodambakkam. Additional medical camps were conducted in these areas, and the situation has been brought under control. Dengue cases in the suburban areas are also being assessed.

Considering the number of people affected by fever, the Chennai Corporation had been conducting medical camps at 50 locations daily. Arrangements have now been made to increase this to 100 locations every day. Medical camps are being conducted at the rate of one location for every two wards, and people can also receive treatment at these special camps.

Chennai-Tirupathi Express train cancelled from Dec. 1 to 27

Chennai-Tirupathi Express train will be cancelled from December 1 to 27. Development work will be carried out at Renigunda Yard under South Central Railway in Andhra Pradesh for 48 days. Due to this, the services of some express trains have been changed.

In that regard, the Southern Railway has announced that the Chennai Central - Andhra Pradesh State, Tirupati 4:35 pm and Tirupati - Central 6:30 am express trains will be cancelled from December 1st to 27th.

Champions in action

Velammal Vidyalaya, Mangadu, celebrated a remarkable achievement at the CBSE Kho Kho Nationals 2026 (Girls), hosted on its campus from September 29 to October 4. Competing against teams from 28 states and three Gulf countries, the Velammal Vidyalaya, Mangadu, girls' showcased exceptional skill, teamwork and determination. The Under-14 team clinched the championship title and trophy, while the Under-17 team secured a prestigious bronze medal. The valedictory ceremony, held on October 4, was graced by Dr. Akilesh Kumar, Head and Joint Director of the CBSE Centre of Excellence, Chennai. This double triumph brought immense pride and national glory to the institution.

Beyond the classroom

The Centre for Environmental Studies and Department of History, Women's Christian College, organised an educational field visit to Adyar Eco-Park (Tholkappia Poonga) for I BA History students.

Aligned with SDG 14 – Life below Water, the visit offered students practical insights into wetland conservation, aquatic biodiversity and sustainable coastal ecosystems.

A guided park tour, environmental awareness session and panoramic view from the watchtower helped students understand the importance of protecting urban habitats. Students also showcased creative posters promoting urban nature conservation and sustainable living. The field visit fostered an interdisciplinary understanding of history, environment and sustainable urban development, making World Habitat Day a meaningful learning experience.

Patchwork not guard well

Recently patch work done on South-West Boag Road was damaged again due to adequate barriers were not erected to protect the patchwork done on the damage road. GCC carried out road patching works by pouring concrete mixture at an estimated cost of few lakh rupees.

As a result, vehicles were driving over the concrete before it set, damaging the repaired areas again. Sathaseelayan a resident of Shivaji Street says that similarly, a concrete patching operation was carried out at the Satulla Street - Mooparappan Street intersection.

The road there has also become bumpy and potholed due to insufficient barriers. The undercarriage of cars passing through that intersection is being damaged by the road surfaced by the mixture.

The road repair has caused inconvenience to motorists, and public tax money has been wasted. Motorists have said that the corporation authorities should inspect the quality of such work on the roads and properly repair the damaged areas.

ஸ்ரீமதே ராமானுஜாய நமஹ

ராகு கேது பெயர்ச்சி
மஹா யாக விழா

இப்பெரும் நிகழ்வை முன்னிட்டு ஜஸ்வர்யா ஜாதகாலயா நடத்தும்
